PROPOSAL OVERVIEW

This proposal is for the full digital package around Shed Movers LLC: the recreated website, Facebook management, content creation, website hosting, website management, and monthly SEO blogs.

JPax has already prepared example work for review, including a redesigned website preview and video content examples. The website preview is not final; it is still subject to changes before approval and launch.

Simple version: JPax built the digital foundation first, then manages the content and website every month so Shed Movers keeps showing up online with a better site, better social presence, and fresh SEO content.

WHAT JPAX BUILT

BUILT / PREPARED	WHAT IT DOES	STATUS
Website Recreation	Modernized layout, stronger messaging, mobile-friendly sections, and clearer customer paths.	Preview ready
Service Structure	Pages and sections for shed moving, outdoor sheds, shipping containers, and container delivery.	Preview ready
Shed Builder	Interactive build-and-price starter so customers can choose a style, size, roof, and use case before contacting Kevin.	Preview ready

BUILT / PREPARED	WHAT IT DOES	STATUS
Quote Flow	Clear quote buttons, call paths, and form direction so customers know what to do next.	Preview ready
Blog + SEO Foundation	Blog area prepared for monthly SEO posts about shed moving, shed buying, containers, and storage questions.	Preview ready
Video Examples	Dropbox folder of social-first video examples showing the creative direction JPax can produce.	Ready to review

MONTHLY MANAGEMENT

After the website is approved, JPax will manage the ongoing digital side: Facebook, content creation, hosting, website maintenance, and monthly SEO blogging.

SERVICE	WHAT JPAX HANDLES	FREQUENCY
Facebook Management	Manage the Shed Movers Facebook presence with consistent posts, updates, service reminders, and customer-facing content.	Monthly
Content Creation	Create social content around shed moving, outdoor sheds, containers, rent-to-own options, customer questions, and Kevin's personality.	Ongoing
Video Content Direction	Use the example video direction as a creative base for future reels, ads, and social posts.	Ongoing
Website Hosting	Host the Shed Movers website and keep it live, stable, and connected.	Ongoing
Website Management	Make minor updates, keep pages current, fix small issues, and maintain the live site.	Monthly
Monthly SEO Blog	Publish one search-focused blog post per month to build long-term visibility around shed moving and storage topics.	1 per month

Current status: The website preview is not final and is still subject to change before approval. Once Kevin approves the direction, JPax will finalize the site, connect hosting/domain details, and begin the monthly management plan.

Note: Paid ad spend is not included in the monthly management amount. If Kevin wants to run paid Facebook ads later, that budget stays separate and under Shed Movers' control.

WHY JPAX

Work first, pitch second. Kevin is not being asked to imagine the direction from scratch. The website preview and video examples are already available to review.

One connected system. The website, Facebook management, content creation, hosting, maintenance, and SEO blogs all support the same customer path.

Founder-led support. Kevin works directly with Julian instead of getting passed through a slow agency chain.

Flexible before approval. The preview is live enough to judge, but still flexible enough to adjust before launch.

NEXT STEP

If Kevin wants to move forward, JPax will send the formal agreement and deposit invoice. This proposal is valid through May 26, 2026.
